

Zollikofen, March 9th, 2020.

Subject: Coronavirus Information

As the Coronavirus Covid-19 is spreading from countries to countries, PCIC Europe can't ignore it in the perspective of the Copenhagen Conference planned in June 3rd to 5th 2020.

In that respect, PCIC Europe will follow health and safety instructions and regulations published by World Health Organization (WHO) and Countries Authorities related to travels and public meetings conditions, knowing that the situation and these instructions or regulations may evolve day by day.

Therefore and in the context of today, the PCIC Europe Executive Committee and PCIC Europe Advisory Board have made the following decisions:

- Maintain the Copenhagen Conference June 2020 in the following conditions:
 - The persons having traveled in quarantine areas as have been identified at least in the month before the conference shall not be allowed to attend the conference. Every attendee will be requested to sign a declaration upon arrival at the reception desk of the conference.
 - The Authors or Attendees prevented to attend the conference because of Covid-19 sickness or home country travel ban will see their paper or registration validated for the conference 2021
 - The conditions, in which the Copenhagen Conference June 2020 will be maintained, will be reviewed and adjusted to the situation at least once a month.
- In the case we should need to postpone or cancel the Copenhagen Conference June 2020
 - The Authors, Attendees and Sponsors will keep the benefits of their selection or registrations or paid-sponsorship package to the postponed or next conference whenever and wherever in Europe it should take place. This is a deviation from the cancellation policy as published on our web site and only applies to the registration fees. Travel and accommodation expenses are full responsibility of the attendees.
 - In the case of the Sponsors, this decision should increase the duration of their exposure as long as they paid their sponsorship fees.
 - In such scenario, we should come back to you with more details.

In these conditions, we expect to welcome you at the next PCIC Europe Conference in the best health and safety conditions for a successful event as usual.

Thank you very much for your understanding and to continue to take all the necessary measures for yourself and your relatives to avoid risk of exposures and further contamination.
